Stamford, Connecticut
Governing Board Policies

Community/School Operation
Policy Number: 1003

POLICY REGARDING GREEN CLEANING PROGRAMS

It is the policy of Stamford Academy to implement a green cleaning program in which the Stamford Academy Board of Directors procures and properly uses environmentally preferable cleaning products in school buildings and facilities.

Stamford Academy shall provide the staff of each school and, upon request, the parents and guardians of each child enrolled in each school with a written statement of the school's green cleaning program. Such notice shall include (1) the types and names of environmentally preferable cleaning products being applied in schools, (2) the location of the application of such cleaning products in the school buildings and facilities, (3) the schedule of when such cleaning products are applied in the school buildings and facilities, (4) the statement, "No parent, guardian, teacher or staff member may bring into the school facility any consumer product which is intended to clean, deodorize, sanitize or disinfect.", and (5) the name of the school administrator, or a designee, who may be contacted for further information. Such notice shall be provided to the parents or guardians of any child who transfers to the school during the school year and to staff hired during the school year.

Stamford Academy shall make such notice, as well as the report submitted to the Department of Education pursuant to subsection (a) of section 10-220 of the Connecticut General Statutes (i.e. required report on condition of facilities, action taken to implement the school's long-term school building program, indoor air quality and green cleaning program), available on its web site. If no such web site exists, Stamford Academy shall make such notice otherwise publicly available.
